- NROC – www.nrocnetwork.org/professional-development/pd-library
- K-12 Open Content Livebinder – <http://content.k12opened.com>

The best OER resources for K-12 are at <http://content.k12opened.com>

Creative Commons Licenses

CC BY – You can use however you want; just cite the source.

CC BY SA – You can use however you want, but you must cite the source AND license your work under a sharing license.

CC BY NC – You can use only if it is noncommercial; cite the source.

CC BY ND – You can use the work but you can't change it or put it into a bigger work; also cite the source.

These can also be used in combination.

See www.creativecommons.org for more information and to license your work!

Sites You Can Search for OER

How You Can Share and Make the World a Better Place

- License your content (web site, lesson plans, photos, PPTs, etc.) with a CC license. (CC BY is recommended.)
- Post photos to Flickr or other photo sharing sites with an open license. (You can change the default license setting in your account settings.)
- If you see a mistake or opportunity for clarification in Wikipedia or another wiki, change it!
- Contribute to Curriki, Wikibooks, the Kids Open Dictionary, or other OER sites.
- Teach your students about copyright and open content.
- Tell your colleagues and friends about open licenses and OER.
